

Welcome to the Illinois River Bluff Trail.

Please be aware that the trail is routed through natural areas. The things that make this area unique can also be hazards if you are not prepared. Mud, poison ivy, fallen limbs, and steep slopes are just a few of the conditions you may experience. Be careful!

If you see any downed trees across the trail, washouts, or areas of the trail that require maintenance, please give us a call at 691-3098 or 682-6684. Thank you!
