Trailheads:

- Camp Wokanda - 620 E. Boy Scout Road - Parking and restrooms
- Robinson Park - 200-400 block W. Mossville Road - Parking and restrooms

Please be aware that this trail is routed through natural areas. The things that make these areas unique can also be hazards if you are not prepared. Mud, poison ivy, fallen tree limbs, insects, and steep slopes are just a few of the conditions you may experience. Be careful out there!

Please also respect our neighboring property owners. Do not use private roads or cross private land to access Park District land without permission. Do not attempt to access the trail from Route 6, as this is extremely dangerous and you will be ticketed.
